Waste Paper Management

Date: 5 June 2023

Late H.G. Alias B.G. Kharade College of Education is committed to environmental sustainability and responsible waste management practices. In line with this commitment, this directive outlines the procedures for the management of waste paper within the college premises.

Directive:

1. Collection and Segregation:

All waste paper generated within the college premises should be collected and placed in designated waste paper bins located conveniently across the campus. Ensure that waste paper is segregated from other types of waste to facilitate recycling.

2. Recycling Vendor Selection:

Every three months, the accumulated waste paper shall be made available for sale to a recycling vendor. The college shall select a recycling vendor who possesses the necessary licenses and complies with all relevant environmental regulations. Collaboration with the chosen vendor should be established for the terms and conditions of waste paper purchase and recycling.

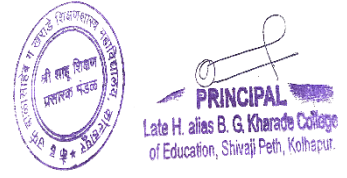

3. Awareness and Education:

Conduct awareness programs to educate students and staff about the importance of waste paper recycling and its positive impact on the environment.

Conclusion:

This directive is aimed at fostering a culture of waste paper recycling within our institution while ensuring that environmental considerations remain a top priority. By adhering to these guidelines, we can contribute significantly to environmental conservation and promote responsible waste management practices.

Sincerely,

Dr. C.G. Khandke

Principal
